I QUARTER AUG-OCT 2023

WHERE WE GET FREEDOM WITHIN LIMITS

OUR NEWLY INTRODUCED UNIFORM

RESIDENT DIRECTOR

Khadija Baber

As we commence the new academic year of 2023-2024, we are excited to present our latest addition - the new UNIFORM POLO SHIRT, designed to instill a feeling of unity and inclusion among our students.

In August-23, we had the pleasure of welcoming new students who have brought a renewed sense of energy to our school community. Our mission is to provide your children with valuable knowledge and skills that will aid them in their future endeavors.

We appreciate you entrusting your child's education to us and look forward to a prosperous and fulfilling year ahead!

COORDINATOR'S Overview

MS.TAHSEEN AFTAB

I am filled with positive energy as we welcomed the new academic year, 2023-2024, together with our newly enrolled students.

Our ultimate goal is to provide a highly positive and enriching educational experience that will nurture the passion for learning, ignite intellectual curiosity, & foster the development of essential critical thinking skills in our students. Let us embark on this journey with a positive mindset, committed to helping our students grow and achieve success in their educational journey.

TEACHER'S Overview

MS.SABA AFREEN

I'm thrilled to embark on the educational journey of the new academic year, 2023-2024, with our newly enrolled students. Our primary aim is to kindle their passion for learning, cultivate their inquisitiveness, and foster the development of vital critical thinking skills.

Together, let's actively participate in and celebrate their academic growth & achievements throughout this year.

The first essential for the child's development is concentration. The child who concentrates is immensely happy.

Dr. Maria Montessori

The greatest gifts we can give our children are the roots of responsibility and the wings of independence.

EVENTS CELEBRATED

AUGUST

SEPTEMBER

OCTOBER

- Independence Day
- Science Experiment Week
- Defence Day
- Mehfil-e-Milaad
- Professions Day

Montessori & Art Activities

Children have actively participated in a variety of Montessori and Art & Craft activities to boost their imaginative capabilities and enhance their fine and gross motor skills. This, in turn, aids them in developing expertise in their unique ways.

These activities encompass a range of experiences, such as exploring their senses, conducting science experiments to understand magnetic energy, self-care routines like shoe polishing, environmental awareness tasks such as transferring water from one jug to another and using a water dropper to move liquids between jars, and engaging their artistic creativity with activities like hand printing, finger painting, and learning brushstroke techniques.

Our Workbooks

We have created special English, Math, and Urdu workbooks, all inspired by Montessori principles. These workbooks are crafted to assist students in improving their writing skills, effortlessly recognizing letters and numbers, and expanding their vocabulary in a manner that aligns with Montessori principles.

Our students, who have been with us for some time and are soon moving to the **GREENHOUSE MONTESSORI's** Junior environment, now have the opportunity to dive into our recently introduced workbooks in a fun and engaging way. Upon completing these workbooks, each child will gain a wealth of knowledge.

They will be able to trace, write, and recognize:

- Phonic sounds from 'a' to 'j' along with a variety of vocabulary words.
- Numbers from 1 to 10 with an understanding of quantity.
- Huroof from 'alif' to 'khay' alongside different vocabulary words.

This approach not only makes learning enjoyable but also ensures that each child is well prepared for the next step in their education journey.
